

America's Lift Leader™

SIERRA INCLINE PLATFORM LIFT

The **Sierra IL500 Inclined Platform Lift** allows for a wheelchair or scooter to easily travel up to 40-feet on a straight stairway. Maximum chair length is 36".

The Sierra IL500 shown with optional fold-down seat, emergency stop switch and 90° Platform for multi-sided access.

Platform folds to save space when not in use, allowing ambulatory people to climb the same stairs

Standard Residential Staircase Width

13" wide when folded

Free-standing post kit eliminates need for any wall mounting.

RESIDENTIAL ACCESS THE ALL-NEW SIERRA IL500

“Staying in their own homes as they age is important to nearly all adults 50+”*

More than ever before, customers are demanding **innovative solutions** to enable them to stay in their homes as long as possible. With a full range of solutions for practically any situation and budget, Harmar extends our commitment to **making homes fully accessible** with the all-new **Sierra Inclined Platform Lift**.

Sierra IPLs are ideal for users when a stairway lift doesn't accommodate their accessibility needs or a vertical platform lift doesn't fit a residential application. Designed to carry a wide range of wheelchairs and scooters, flexible with an integrated seat option, easy to use, and a **500-pound capacity**, the innovation in the residential-only IL500 is **unrivaled**. It is light enough to allow installation by a single person and mounts in such a way that the main carry load is supported by step brackets. Requiring no wall modifications saves significant time and keeps installation costs down.

At Harmar, we deliver innovation that matters to you and your customer, and back it up with the best customer service and most experienced support teams in the industry. Experience The Harmar Difference today.

Sierra Benefits:

- **Cost-Saving:** Designed for a single-person install and no major load-bearing wall modifications
- **Free-Standing Post Kit:** Allows for either a temporary or wall-free installation
- **13" wide when folded and a 500 lbs. capacity**
- **Indoor and Outdoor models**
- **Quality Assurance:** Every unit is weight tested before shipping
- **Multi-Use Rail:** Wall mounted guide rail doubles as a convenient hand rail
- **Platform Options:** Right, Left, 90-degree, and 25" or 27.5" widths

INNOVATIONS

Unique “worm drive” system is energy efficient and does not need messy grease or lubricants

Safety sensors on carriage and platform stop the lift instantly when obstacles are present.

Fold-down Seat option for more mobile users.

Two Wireless Remotes Included for Convenient Accessibility

* (Based on a random survey by AARP of over 29,000 adults age 50+ states, the district of Columbia, Puerto Rico and the Virgin Island between January 2-31, 2011.)
